RESOLUTION/PROCLAMATION

NEW EMPLOYEES

CHANGE OF EMPLOYMENT STATUS

AGENDA ITEMS

10:00 A.M.

Report from Midian Leadership Project
Commissioner Ben Salango
Rev. Dr. Jeff Biddle, Executive Director

Commissioner Salango informed the Commission that Rev. Biddle came to him last week for an idea he has for the west side of Charleston. Rev. Jeff Biddle introduced him self to the Commission and stated with the help of the young people he brought with him today they started a nonprofit organization called Midian Project. Rev. Biddle stated he met the people in this group when they were between 9-10yrs old and now these young adults want to reinvest into their community. Rev. Biddle stated the group wants to open a community center across from the West Side Middle School and they have raised $290,000 and have purchased the old Safe Supply building cross from the Middle School. Rev. Biddle stated what they need from the Commission is $350,000 from the ARP money to complete the project. The building is in need of renovations and then it will be self-sustained. Commissioner Carper asked if the City of Charleston has provided any funding. Rev. Biddle stated $14,000 to pay for the utilities for 6 months. Commissioner

Carper asked if they would expect or need funding every year. Rev. Biddle stated no. Commissioner Carper added a new program must be able to sustain itself. Rev. Biddle stated the Community Center will not need future funding, that it will be able to self-sustain itself. Commissioner Salango stated this is a program he believes in and they have the right people running it. Rev. Biddle introduced Jabbov Thompson who will be the Youth Director. Jabbov informed the Commission that they want to change the opinion of the west side. Jabbov stated the young kids in the community need a safe place to go and help to keep them moving further along with their education. Jabbov added that every kid would be welcome, not just ones who live on the west side. Betsy Shaak is the Family Ministry Director and works with the West Side Elementary School for the past 5 years. The children come after school and stay until 6pm and they help them with their homework. Ms. Shaak stated the children in middle and high school have no where to go. Ms. Shaak added the money the Commission could give would renovate this building, purchase computers, and help provide the boost these kids need. Jennifer Stark, a teacher at West Side Middle School stated the middle & high school kids have no where safe to go after school and the West Side Middle School fully supports the Midian Project. Commissioner Salango thanked everyone for coming and believes they have all done a wonderful job. Commissioner Salango stated this will be on a future agenda for voting on providing funding. Commissioner Carper asked what happens when the Commission receives ten more presentations like this one asking for a large amount of funding. Commissioner Carper asked why the group is just asking the Commission and suggested the group asks the City of Charleston to partner in this funding request. Commissioner Salango stated there is some information he wants to look into on the building and there are also some other avenues to look in to helping match any funds given by the Commission. Commissioner Wheeler thanked Rev. Bibble for creating such an outstanding program. Commissioner Wheeler added the Commission serves all of Kanawha County and $350,000 is a lot for one entity. Commissioner Wheeler stated he would like to take a tour of the building and is interested in helping this grow and succeed. Commissioner Carper moved to place on the June 17th agenda.

ARP Workshop

Commission President Kent Carper
Commissioner Ben Salango
Commissioner Lance Wheeler

At 10:41am the ARP workshop began. Commissioner Salango stated he wanted to thank Senator Manchin and Senator Capito on fighting to make sure the money went directly to the counties and cities this time instead of the State and having to wait on the State to distribute. Commissioner Salango stated the Commission is getting $34.554M which will be split into two distributions of $17M and the 2nd half will be sent sometime next year. Commissioner Salango stated this workshop is to tell what the money can and cannot be spent on. Commissioner Salango stated all money will be voted on during a public meeting.

Commissioner Salango stated the County Commission has hired Steve Rubin on a contract basis to help with receiving applications for ARP funding. The Commission also hired an accountant, Kelly Shafer, CPA with Suttle and Stalnaker and legal counsel Caleb David with Shuman, McCuskey & Slicer. These three will go over every application and make sure the Commission is following every guideline. Commissioner Carper presented a brief PowerPoint (*see attachment*). Commissioner Carper stated the 2nd slide refers to the difficulty on finding out how much money from other sources will be available like for example broadband. Commissioner Carper stated Use Your Tools refers to making sure there is a paper trail. Commissioner Carper stated Future Loss of Revenue refers to HJR3 which was created to eliminate inventory and property tax. Commissioner Carper stated if this passes Kanawha County will lost about 22% from the budget. Commissioner Carper stated this needs to be kept in mind before the Commission funds new projects, even if they say they will not need future funding, the county will not have the money in the future to give. Commissioner Carper stated Transparency is Key to keep from getting in trouble which is why all funding will be given publicly. How Can You Spend the Money, Commissioner Carper stated water and sewer projects is not listed as high priority and to beware of vendors selling supplies for these projects. Commissioner Carper stated ARP and CARES monies are not the same and have different guidelines. With ARP loss of revenue does apply and can be reimbursed. Commissioner Carper stated for example the Commission spent over $3M that the Commission did not get back from CARES, the Commission can pay that back with ARP funds. However, expenses are different; if you occurred expenses in January, you cannot reimburse yourself.
Linda Kelly, owner of Andrew Floor & Tile located on the west side and she wanted to know if city rescue funds are eligible. Commissioner Carper stated yes. Ms. Kelly stated they received the PPP twice and they City of Charleston $5,000 small business grant. Commissioner Carper stated the Commission would not duplicate a grant from the City. Caleb David if the loss is due to COVID then revenue loss can go back to prior pandemic start. Mayor Ingram stated the town had 2 shovel ready projects and after COVID and due to the rise in cost of supplies the bid has tripled, can ARP money be spent to cover the difference? Kelly Shaffer stated this has not been addressed by the Treasury and suggested the Town get in touch with the Treasury Dept, however, the town can use Loss of Revenue money to pay for this. Commissioner Carper asked staff to send the question to the Treasury along with Senator Manchin and Senator Capito and Auditor McCuskey asking for an answer. Brian, Treasure for the West Dunbar PSD stated they need money to pay off the bills from the City of Dunbar and money for drains. Commissioner Carper stated water and sewer is eligible and to put the request in writing and mail or email to the Commission along with Steve Rubin. Mayor Kay Summers informed the Commission that she sent a request to Commissioner Wheeler prior to this meeting. Commissioner Carper asked how much the City of Clendenin received. Mayor Summers stated $460,000 which is

less that the amount of bills the City has and she wanted to know if her request even qualifies. The request was for supplies for the Police Department. Commissioner Carper stated the City gets Public Safety Grant money. Caleb David informed the Mayor her request does not qualify; however, the City could pay for it with Loss of Revenue money because purchasing a police cruiser does help the community. Commissioner Carper asked if there were any other questions. Jennifer Herrald informed the Commission that there were no questions received via social media or email. Steve Rubin stated the Commission wants to get the best that they can with this ARP money for Kanawha County. He, along with the Commission, welcome all questions to be sent to steverubin@kanawha.us. Commissioner Wheeler thanked everyone for attending the first workshop. Commissioner Wheeler stated the Commission has been delt a good hand and we need a great plan. The Commissions goal for upcoming meetings is to see how to spend the ARP money following all the guidelines set by the federal government. Commissioner Wheeler added loss of revenue is important to him along with loss of services for example the county clean ups were canceled due to COVID. Commissioner Wheeler stated economic development is another important venue and the Commission must think big but think smart and to make these decisions as quickly as possible.

Discussion regarding Environmental Protection Agency's Brownsfields assessment grant award in the amount of $600,000 to Kanawha County Commission

Commission President Kent Carper
Commissioner Ben Salango
Commissioner Lance Wheeler

Discussion and Report of Parking Garage Structure

Commission President Kent Carper
Commissioner Ben Salango
Commissioner Lance Wheeler

Commissioner Carper informed the Commission that the information is not ready yet and will be placed on an upcoming agenda.

Discussion and update regarding Emergency Federal Disaster Declaration for Kanawha County due to the storms on February 28-March 2, 2021

Commission President Kent Carper
Commissioner Ben Salango
Commissioner Lance Wheeler
Steve Neddo, Maintenance and Planning Director

Commissioner Carper stated the Commission did receive a declaration but it probably will not help private citizens much. Commission staff is working on it and Emergency Management will have an update on the next agenda.

Discussion and update regarding unstable and extreme hazard to hillside and rock slide at Blue Creek Road

Commission President Kent Carper
Commissioner Ben Salango
Commissioner Lance Wheeler
Andrew Gunnoe, Deputy County Manager

Commissioner Wheeler stated the road may need to be closed due to a very large boulder. CW Sigmon informed the Commission that they are working with the Sheriff Office on closing the road to remove the large boulder. Every effort will be made to notify all residents and the KCEAA will have an ambulance on standby.

How can you spend the money?

SUPPORT PUBLIC HEALTH RESPONSE

COVID-19 mitigation efforts

Medical expenses

Behavioral healthcare

Certain public health and safety staff

ADDRESS NEGATIVE ECONOMIC IMPACTS

Respond to economic harms to workers, families, small businesses, impacted industries, and the public sector

REPLACE PUBLIC SECTOR REVENUE LOSS

Use funds to provide government services to the extent of the reduction in revenue experienced due to the pandemic

PREMIUM PAY FOR ESSENTIAL WORKERS

Offer additional support to those who have and will bear the greatest health risks because of their service in critical infrastructure sectors

WATER AND SEWER INFRASTRUCTURE

Make necessary investments to improve access to clean drinking water and invest in wastewater and stormwater infrastructure

BROADBAND INFRASTRUCTURE

Make necessary investments to provide unserved or underserved locations with new or expanded broadband access

****No Prioritization from US Dept. of Treasury****

U.S. DEPARTMENT OF THE TREASURY

Coronavirus State and Local Fiscal Recovery Funds

The American Rescue Plan will deliver $350 billion for state, local, territorial, and Tribal governments to respond to the COVID-19 emergency and bring back jobs.

The Coronavirus State and Local Fiscal Recovery Funds provide a substantial infusion of resources to help turn the tide on the pandemic, address its economic fallout, and lay the foundation for a strong and equitable recovery.

Funding Objectives

- **Support urgent COVID-19 response efforts** to continue to decrease spread of the virus and bring the pandemic under control
- **Replace lost public sector revenue** to strengthen support for vital public services and help retain jobs
- **Support immediate economic stabilization** for households and businesses
- **Address systemic public health and economic challenges** that have contributed to the inequal impact of the pandemic

Eligible Jurisdictions & Allocations

Direct Recipients

- States and District of Columbia ($195.3 billion)
- Counties ($65.1 billion)
- Metropolitan cities ($45.6 billion)
- Tribal governments ($20.0 billion)
- Territories ($4.5 billion)

Indirect Recipients

- Non-entitlement units ($19.5 billion)

Support Public Health Response

Fund COVID-19 mitigation efforts, medical expenses, behavioral healthcare, and certain public health and safety staff

Address Negative Economic Impacts

Respond to economic harms to workers, families, small businesses, impacted industries, and the public sector

Replace Public Sector Revenue Loss

Use funds to provide government services to the extent of the reduction in revenue experienced due to the pandemic

Premium Pay for Essential Workers

Offer additional support to those who have and will bear the greatest health risks because of their service in critical infrastructure sectors

Water and Sewer Infrastructure

Make necessary investments to improve access to clean drinking water and invest in wastewater and stormwater infrastructure

Broadband Infrastructure

Make necessary investments to provide unserved or underserved locations with new or expanded broadband access

U.S. DEPARTMENT OF THE TREASURY

Example Uses of Funds

Support Public Health Response

- **Services to contain and mitigate the spread of COVID-19**, including vaccination, medical expenses, testing, contact tracing, quarantine costs, capacity enhancements, and many related activities
- **Behavioral healthcare services**, including mental health or substance misuse treatment, crisis intervention, and related services
- **Payroll and covered benefits** for public health, healthcare, human services, and public safety staff to the extent that they work on the COVID-19 response

Replace Public Sector Revenue Loss

- **Ensure continuity of vital government services** by filling budget shortfalls
- **Revenue loss is calculated** relative to the expected trend, beginning with the last full fiscal year pre-pandemic and adjusted annually for growth
- **Recipients may re-calculate revenue loss** at multiple points during the program, supporting those entities that experience revenue loss with a lag

Water & Sewer Infrastructure

- **Includes improvements to infrastructure**, such as building or upgrading facilities and transmission, distribution, and storage systems
- **Eligible uses aligned to Environmental Protection Agency project categories** for the Clean Water State Revolving Fund and Drinking Water State Revolving Fund

Equity-Focused Services

- **Additional flexibility for the hardest-hit communities and families** to address health disparities, invest in housing, address educational disparities, and promote healthy childhood environments
- **Broadly applicable** to Qualified Census Tracts, other disproportionately impacted areas, and when provided by Tribal governments

Address Negative Economic Impacts

- **Deliver assistance to workers and families**, including support for unemployed workers, aid to households, and survivor's benefits for families of COVID-19 victims
- **Support small businesses** with loans, grants, in-kind assistance, and counseling programs
- **Speed the recovery of impacted industries**, including the tourism, travel, and hospitality sectors
- **Rebuild public sector capacity** by rehiring staff, replenishing state unemployment insurance funds, and implementing economic relief programs

Premium Pay for Essential Workers

- **Provide premium pay to essential workers**, both directly and through grants to third-party employers
- **Prioritize low- and moderate-income workers**, who face the greatest mismatch between employment-related health risks and compensation
- **Key sectors include** healthcare, grocery and food services, education, childcare, sanitation, and transit
- **Must be fully additive** to a worker's wages

Broadband Infrastructure

- **Focus on households and businesses** without access to broadband and those with connections that do not provide minimally acceptable speeds
- **Fund projects that deliver reliable service** with minimum 100 Mbps download / 100 Mbps upload speeds unless impracticable
- **Complement broadband investments** made through the Capital Projects Fund

Ineligible Uses

- **Changes that reduce net tax revenue** must not be offset with American Rescue Plan funds
- **Extraordinary payments into a pension fund** are a prohibited use of this funding
- **Other restrictions apply** to eligible uses

The examples listed in this document are non-exhaustive, do not describe all terms and conditions associated with the use of this funding, and do not describe all the restrictions on use that may apply. The U.S. Department of the Treasury provides this document, the State and Local contact channels, and other resources for informational purposes. Although efforts have been made to ensure the accuracy of the information provided, the information is subject to change or correction. Any Coronavirus State and Local Fiscal Recovery Funds received will be subject to the terms and conditions of the agreement entered into by Treasury and the respective jurisdiction, which shall incorporate the provisions of the Interim Final Rule and/or Final Rule that implements this program.
