SPECIFICATIONS: The following specifications are intended to describe body repairs and painting of a 1994 Smeal/Spartan Fire Engine for the Malden Volunteer Fire Department and the details contained in these specifications are not designed to exclude any vendor from bidding, but are offered as a means of describing the needs of the Malden Volunteer Fire Department. Where brand names may be used, the words "or equal" are assumed to follow. All specifications are minimum requirements.

1. The Malden Volunteer Fire Department will be accepting bids for body repairs and painting of a 1994 Smeal / Spartan Fire Engine. The work will consist of removing all trim, doors and hardware, chrome lights rub rails etc. for repair of rust and damage. The surface will be repaired and then prepared for application of sealer and paint. The body work will be restored to factory condition for corrosion protection and durability. The vehicle currently has a white over red paint scheme. It will be repainted all red. All parts such as doors handles, rub rails, trim etc. will be re-installed. It will then be re-lettered and re-stripped with similar lettering and stripping.
2. The successful bidder must furnish a five year warranty on paint and material.
3. The vehicle may be viewed and inspected by contacting Fire Coordinator C.W. Sigman at 304 550 2819
4. Rejection of Bids: The Malden Volunteer Fire Department reserves the right to reject any and/or all bids and to waive any informality in bidding.
