

Build a Disaster Kit

Recommended Items for a Basic Disaster Supplies Kit

- Water, one gallon of water per person per day for at least three days, for drinking and sanitation. (Replace every two years)
- Food, at least a three-day supply of non-perishable food and a manual can opener.
- Battery-powered/hand cranked radio, NOAA Weather Radio, Cell phone with charger, inverter or solar charger and extra batteries.
- Flashlight and extra batteries
- First aid kit
- Prescription Medications
- Money (should ATM's not be working)
- Store important documents (insurance policy, birth certificates, etc.) in a digital format on a thumb drive
- Have a plan for your pets (they are part of the family also)
- Have a communication plan and meeting place predetermined with family members should you be separated
- Plastic Sheeting, 2-4 mil thickness, and duct tape to seal windows and doors in case of a shelter in place order
