### Project Summary

#### 1. Brief description of the proposal

While we're uncertain that we're qualified to receive funding, we're looking to apply for monies to renovate the tennis courts at the Charleston Catholic Athletic Complex. We're looking for \$25,000.00 to makeover, crack fill, redress, repair, and repaint the playing surface.

#### 2. Purpose and key anticipated outcomes

The promotion of better health and healthier lifestyles for our State's student/athletes as well as to include but not limited to local economic promotion.

### **3. Individuals or communities served**

Communities served: The high school student athletes in the State of West Virginia will be beneficiaries for many years to come as it is most likely the case that the CCHS Athletic Facility will become a permanent host to the WV High School State Tennis Tournament every May. As well, this will help local hoteliers, restaurants and many retailers in the county/city as these student/athletes, coaches, and parents will ascend into the area from Wednesday - Saturday in so many cases. The likelihood that the CCHS Athletic Facility would become a permanent host can be supported by speaking directly with the WV Secondary Schools Athletic Commission.

### **4. How the COVID-19 pandemic has necessitated this request**

Seems as though (an opinion only) kids aren't as active as they used to be. While we don't blame it all on the Covid outbreak, it certainly seems that students have become much more sedentary these days. My goal is to help with keeping kids active while promoting a healthier lifestyle. They have to have a place to play. There are not very many places around the State of WV that can accommodate such a tournament, and there is no compromise when it comes to the safety of the kids on the court. If playing conditions are deemed to be unsafe, the decision will be made to not play at all. That decision has been made in the past.

### **5. Amount of funding requested**

25,000

### **6. Amount of any bids or cost estimates received to date, if applicable**

140,000

### **7a. Amount of matching funds raised or committed by your organization**

100,000

### **7b. Source of matching funds raised or committed by your organization**

Private donations.

### **8. How ARP funds, if awarded, will be used**

To pay the contractor directly.

### **9. How long it will take you to complete the project if awarded funding**

Approximately 3 weeks.
