CAS Cable **Serving West Virginia since 1977**

Who we are?

CAS Cable is a local, family-owned communications company headquartered in Parkersburg, WV. We offer an extensive range of internet speeds, fiber connectivity, cable television and telephone services for business and residential customers.

CAS Cable began over forty years ago as Community Antenna Service, a local antenna business, and has continued expanding since. CAS has grown from its roots in the rural areas of Wood and Jackson counties to expand into the City of Parkersburg and beyond as a competitor in the cable, broadband and phone markets. CAS serves customers in all major cities in Wood and Jackson Counties as well as customers in Washington County, Ohio.

What we offer?

- **High Speed Internet** – 100 Mbps – 2 Gbps speeds
- **Digital Video** – HD, DVR, Whole home DVR set-tops and Premium Channels available

Business Services

- **HD Video** – Includes over 125 HD and SD video channels, TV Everywhere and no set-tops required
- **Advanced Digital Phone Service**-Including IP Phone Systems
- **High Speed Internet** – 100 Mbps – 2 Gbps speeds
- **Fiber Connections**
- **Media Production/Sales**

What can we do for Kanawha County?

CAS Cable filed an application with Kanawha County to continue expanding our services into the area. CAS Cable would be a competitor in the residential and business markets for HD video, high speed internet and advanced phone services.
