### Kanawha County Cellular Phone Usage and Driving Policy

The Kanawha County Commission is concerned for the safety of its employees while driving County Vehicles during County business activities. Statistics have shown the use of Cellular Phone devices while driving for texting, talking and/or reading can be dangerous. In an effort to protect the employees of Kanawha County while driving County Vehicles, the Commission has instituted the following policy:

*Cellular phones and electronic equipment shall not be used for making or receiving calls (including the use of hands-free and blue-tooth devices), "texting", e-mailing, or any other use by the driver while the vehicle is in motion. This is a ban of the use of cellular phones and electronic equipment while driving county vehicles. The County Commission will also be encouraging citizens of Kanawha County to report the use of cellular phones and electronic equipment by drivers of County Vehicles to the Commission Office.*

*Emergency personnel will be permitted to utilize cellular phones and electronic equipment during emergency situations while driving. They are not permitted to use these devices for other uses while driving.*

*This ban, excludes the Kanawha County Sheriff's Department, as they have adopted their own policy as it relates to emergency officials.*
